Professional Summary

A passionate and dedicated CSE graduate with hands-on experience as a Teaching Assistant at IIUC. Skilled in explaining technical concepts clearly and supporting student learning outcomes. Eager to contribute to quality education as a Teaching Intern, combining strong academic background with genuine enthusiasm for teaching and student development.

Technical Skills

- **Programming Languages:** Python (Data Science Stack), C/C++, SQL (MySQL, SQLite), PHP.
- **Data Science & ML:** pandas, NumPy, Scikit-learn, Data Cleaning, Statistical Analysis.
- **Tools & Platforms:** Jupyter Notebook, MATLAB, Arduino, Tinkercad, MS Excel.
- **Web Technologies:** HTML5, CSS3, Web-based System Architecture.
- **Research Methodologies:** Literature Review, Report Writing (LaTeX), Academic Presentation.

Education

B.Sc. in Computer Science and Engineering (CSE)	2022 – 2025
International Islamic University Chittagong	CGPA: 3.44/4.00
Higher Secondary Certificate (HSC) – Science	2018 – 2019
Kapashgola City Corporation Mohila College, Chittagong	GPA: 4.17/5.00
Secondary School Certificate (SSC) – Science	2016 – 2017
Gomdandi Pilot Model High School	GPA: 4.91/5.00

Research & Publications

- **Conference Paper:** “Advanced Machine Learning Approaches for Accurate Sugarcane Yield Prediction with Ensemble Techniques” – Presented at **ECCE 2025**.
- **Conference Paper:** “A Leakage-Aware Two-Stage XGBoost Framework for Early Detection of Chronic Kidney Disease” – Accepted in **Qpain**.
- **Conference Paper:** “A Robust Ensemble-Based Framework for Facial Emotion Recognition Using Transfer Learning” – Accepted in **Qpain**.
- **Participation:** IEEE CS BDC Summer Symposium 2025.

Experience & Leadership

Teaching Assistant

2025 – Present

International Islamic University Chittagong

- Assisting faculty in academic coordination and evaluation for undergraduate courses.
- Conducted weekly support sessions for undergraduate students in Programming.

Media & Content Secretary

2025

IIUCFCPS

- Managing content creation and strategic media communication for organizational events.
- Coordinating promotional activities to enhance community engagement.

Campus Ambassador

2024 – Present

ICRCS & ICT Olympiad — IG Education

- Representing national tech platforms to connect students with educational initiatives.
- Organizing awareness campaigns, tech events, and social impact programs.

Technical Projects

Hospital Management System

Developed a comprehensive web-based platform for managing patient records and hospital workflows using PHP and MySQL.

Waste Management Website (Hackathon Project)

Designed a system focused on waste tracking and environmental awareness during a competitive hackathon.

Smart Dustbin (IoT)

Built an Arduino-based automated waste disposal system utilizing ultrasonic sensors for touchless operation.

Tic-Tac-Toe AI

Implemented an intelligent gameplay agent using Minimax algorithms and Python.

Certifications

- **DevOps Workshop:** Comprehensive training on CI/CD pipelines via Programming Hero.
- **C++ Bootcamp:** Advanced training in OOP and Algorithms from Programming Hero.
- **Python & SQL Workshop:** Focused on database management and script optimization via Ostad.
- **ICISET 2024:** Certificate of Participation in Innovation and Engineering conference.
- **Environment Olympiad 2025:** Recognized for participation and environmental advocacy.

Languages & Interests

- **Languages:** Bangla , English , Hindi (Basic).
- **Soft Skills:** Critical Thinking, Problem Solving, Time Management, Team Leadership.
- **Interests:** Deep Learning research, IoT prototyping, reading scientific journals, participating in coding competitions, Teaching, mentoring students, and education technology.
